Darryl Penrice
Executive Director
Poverty's Demise .Org

Dear Darryl;

It was a pleasure getting to know you during my trip New York. Though I had my hands full producing Craigslist Foundation's 2nd annual New York Tri-State Area Nonprofit Boot Camp, your nonprofit project, Poverty's Demise .Org, sounds truly unique and holds massive potential to support millions of underprivileged children.

Though I am not able to 100% commit our organization to working with Poverty's Demise .Org at this early stage of your development, I would love to continue our communications into the next calendar quarter to see if we can solidify possible areas of mutual collaboration.

I hope this letter finds you well and I look forward to meeting up with you in California at some point. Should you want to chat and discuss things further, feel free to contact me any time.

Sincerely,

Darian Rodriguez Heyman
